Sir:

In response to the Restriction Requirement mailed May 26, 2009 in the above-identified application, the applicants elect claims 1-12 for further prosecution on the merits. This group of claims, drawn to a semiconductor device package and to a stack of semiconductor device packages, was designated Group I by the Examiner.

The Examiner also required an election of species, stating that the claims were directed to four patentably distinct species disclosed as follows:

- (i) Embodiment 1, FIG. 1
- (ii) Embodiment 2, FIGS. 7 and 8
- (iii) Embodiment 3, FIG. 9
- (iv) Embodiment 4, FIGS. 14-16

In response to the election requirement, the applicants elect species (i), disclosed in FIG. 1, for prosecution on the merits. Claims 1-3, 5, 6, and 13-16 read on this species.

It is noted that claim 1 is generic to the disclosed device. In particular, claim 1 reads on both a wirebonded device package as shown in FIG. 1 (species (ii)), and a flip-chip package as shown in FIGS. 7, 8 and 9 (species (iii)). Accordingly, claim 4 should also be considered upon allowance of claim 1.

The applicants' undersigned attorney may be reached by telephone at 212-551-2625. All correspondence should continue to be directed to the address given below, which is the address associated with Customer Number 27267.
